~ 2024/2025 WEDDING PACKAGES ~

Weddings have a special place in our heart here at Align. We are honored each time a couple invites us to be part of their special day, and take that responsibility seriously. At Align, we take a “fly on the wall” approach - we are there to capture all of the important moments but never let our agenda interrupt YOUR day. You are the stars of the show! We’re there to tell your love story.

While we’re the ones with the cameras, we’re also often the ones holding the veil, helping with the bustle, offering words of encouragement, and doing anything else we can to help your day go smoothly. We’re there to help you look and feel your best!
